Re: Consent Decree Notices

Dear Mr. Holmstrom:

Regarding the four separate notices (Deed Restriction, Notice of Decree, Notice of Access, and Notice Regarding Hazardous Substances) that you sent to me with your February 19, 1993 letter, I only have the following comment:

Deed Restriction, Attachment 1. In the third last line, I believe it should be 607.28 feet at the beginning of the line instead of 6070.28 feet. However, this should be checked so that the correct number is used. This same comment applies to Exhibit A's of the Notice of Consent Decree, the Notice to Provide Access, and the Notice Regarding Hazardous Substances.

I have consulted with the State of Illinois and Ms. Nola Hicks of the Office of Regional Counsel, Region V, U.S. Environmental Protection Agency concerning these four notices. They are approved for being recorded in the local real estate records in accordance with the Consent Decree for the Pagel's Pit Landfill once the correct distance, which is commented on above, has been entered in the legal descriptions.

If you have any questions, please call me (312-886-4746).

Sincerely yours,

Bernard J. Schorle
Remedial Project Manager
